HERE'S WHAT ARTISTS SAY ABOUT CEDILLE

Without Cedille's recordings of my music, my career would not be where it is today.

The remarkable quality of Cedille's artists and production team, coupled with the great amount of promotional work that they do to get these recordings disseminated, reviewed, and played on airwaves, is what has brought my music to national and international attention.

— Stacy Garrop, composer

I felt so supported in my vision. My recording, *Dreams of a New Day*, gave me a lot of career opportunities. We got No. 1 on the Billboard chart. I was nominated for a Grammy. I didn't expect any of it! **It has really opened up my world. And I have Cedille to thank for that.**

— Will Liverman, baritone

The support that Cedille offers to its artists is unparalleled, and that support has been so important to us as an ensemble. It allows us to create high-quality recordings of music that we are passionate about and share it with a worldwide audience.

— David Skidmore
